Learning from the Giants John C. Maxwell, 2014-11-11 If you could spend a few minutes with the giants of faith in the Old Testament in person, what lessons would they share with you? In *Learning From the Giants* John C. Maxwell draws on fifty years of studying the Bible to share the stories of Elijah, Elisha, Job, Jacob, Deborah, Isaiah, Jonah, Joshua and Daniel. These people fought and won epic battles, served kings, and endured great hardships for God to come out on the other side transformed through His grace. Through them Maxwell explores timeless lessons we can learn about leadership, ourselves, and our relationship with God.

Giants, Fallen Angels, and the Return of the Nephilim Dennis Lindsay, 2018-08-21 Read this book and have your eyes opened to the end-time shifts that await mankind.

When Giants Were Upon the Earth, 2015 The Appendices of All 8 Chronicles of the Nephilim Together in One Book. The bestselling Biblical fantasy novel series *Chronicles of the Nephilim* has opened a door for Christian imagination and theology like none other. But many have appreciated the appendices of each novel as much as the novels. Author Brian Godawa shares the Biblical and ancient historical and mythical research that undergirds the fiction. Now all those appendices have been placed together in one book for those who want serious study of the topics of the Watchers, Nephilim, and the Biblical Cosmic War of the Seed. This book has the special bonus of a previously unpublished chapter on the Book of Enoch, as well as newly expanded chapters. But it also contains the appendices of the last two Chronicles, *David Ascendant* and *Jesus Triumphant* before their release! The Book of Enoch: Scripture, Heresy or What? Bonus Chapter. How influential the ancient book of Enoch has been on the Church and the New Testament both directly and indirectly. Sons of God (Newly expanded from Noah Primeval) Noah Primeval Appendix. Introduction to the Divine Council in the Bible. Are the Sons of God in Genesis 6 angels, Sethites or divine kings? The Nephilim (Newly expanded from Noah Primeval) Noah Primeval Appendix. The Nephilim in the Bible is controversial. But Genesis 6 is not the only place they show up. This chapter explores everywhere giants appear in the Bible, and there are many of them. Leviathan Noah Primeval Appendix. The notion of a sea dragon of chaos is universal in the ancient Near East and the Bible. What is its theological meaning? Dinosaur? Whale? Sea Dragon? The Bible may surprise you. Mesopotamian Cosmic Geography in the Bible Noah Primeval Appendix. Did the Bible writers assume the ancient Mesopotamian view of a flat earth supported by pillars over an Underworld with a solid dome overhead?

This chapter lets the Bible speak for itself. Retelling Bible Stories and Mythic Imagination
 Enoch Primordial Appendix. Ancient Jewish writers retold Bible stories to bring meaning to their world. Jewish legends and Biblical creatures in Enoch Primordial: Cain as a vampire, Lilith the demon, Rahab the sea dragon, Behemoth, Cherubim, Seraphim, Rephaim, and Satan. Gilgamesh and the Bible Gilgamesh Immortal Appendix. A look at what the ancient Epic of Gilgamesh has in common with the Bible: A lot. What was Noah's nakedness? A look at the various theories of who Gilgamesh really was in history and the Bible. In Defense of Ancient Traditions Abraham Allegiant Appendix. Why are there multiple names for God in the Bible? The legends behind the Tower of Babel and who Nimrod really was in history. The ancient book of Jasher quoted in the Bible. What does it mean that the Sons of God inherited the nations at Babel? Mythical Monsters in the Bible Joshua Valiant Appendix. A look at mythical creatures in the Bible: Satyrs, centaurs, Lilith, winged fiery serpents, and Azazel. A closer look at the many parallels between the Canaanite stories of Baal the storm god and the polemical Israelite poetry of Yahweh. How Bible writers used Canaanite notions subversively to undermine Baal and elevate Yahweh as the true God. Goliath was Not Alone David Ascendant Appendix. A closer look at the most famous Biblical giant, Goliath. But there are five other giants spoken of as going after David in 1 and 2 Samuel. Were they a part of a secret pact to kill the messiah king? And who were the Lion Men of Moab? Jesus and the Cosmic War Jesus Triumphant Appendix. Nephilim and demons. Satan's place as god...

Big Bad Bible Giants Ed Strauss, 2010-08-03 Goliath might get all the press, but there are many other fearsome giants and towering men throughout the Old Testament and thrilling stories behind each one. In *Big Bad Bible Giants*, readers 8 and up encounter each powerful and massive man through large black-and-white illustrations and kid-friendly language that explores the background of each hulking giant and why they're important, as well as interesting facts like what their massive weapons looked like and how many sheep it may have taken to satisfy their gigantic appetites—as well as the feats it took to bring these men to their knees. Bulging muscles, towering height, and earth-rattling footsteps ... while it might sound like a description for the big green guy in the movies and comics, these words actually apply to the many giants found throughout the Bible who were at times just as angry, almost as strong, and prone to wanting to smash things when it came to battles against the Israelites. In *Big Bad Bible Giants*, the amazing facts (and myths) behind the giants of the Bible are explored in kid-friendly language, alongside large illustrations that show what these towering antiheroes may have looked like. From surprising-yet-accurate information on their diets, where they came from, and just how immense their weapons and appetites really were, the gigantic battles and wars against these men will have kids looking at the Old Testament in a completely new way. *Big Bad Bible Giants*: contains biblically sound information in language kids can relate to works as an age-appropriate reference guide for any child 8 to 12 learning more about the Bible contains large text and an open page design, along with

lots of detailed illustrations, making it perfect for reluctant readers is part of the 2:52 series of books, which focuses on becoming more like Jesus as described in Luke 2:52

The Oxford Handbook of Biblical Monsters Associate Professor of Biblical Studies and Academic Dean Brandon R Grafius, Brandon R. Grafius, Adjunct Instructor in New and World Religions John W Morehead, John W. Morehead, 2025 The Oxford Handbook of Biblical Monsters brings together the work of world-renowned scholars in Bible, theology, religion, and cultural studies to explore the monsters that rampage through the biblical text. Essays provide in-depth analysis of the Ancient Near Eastern background of these creatures, explore how they have continued to live on after the biblical text, and discuss how they remain impactful through art and literature today. The chapters not only study where monsters came from, but continually focus on what they mean, and how these meanings are generated. These chapters work to bridge the perspectives of traditional scholarship and more postmodern ideas of monsters as cultural and rhetorical constructions. There are chapters on the Ghosts of Mesopotamia, Leviathan, and the Giants, but also on the Monstrous Jew in the Gospels and the Monstrosity of the Crucifixion. They serve both as foundational pieces of research for scholars looking to familiarize themselves with monsters and discourses of monstrosity, but also as creative and provocative examinations of how these monsters generate meaning. While working to summarize the research that has been done on biblical monsters up to the present day, this Handbook points the way forward towards new and exciting studies in unnatural creatures and the rhetoric of horror.

What Does the Bible Say About Giants and Nephilim? Ken Ammi, 2019-06-10 Under consideration is the issue of the enigmatic Nephilim and giants, by any other name, such as Anakim and Rephaim including the infamous Goliath and King Og, their geography and weaponry and much more. Within this book, you may find that your views challenged on everything from my claim that the term giant(s) does not belong in English Bibles, to a more down to Earth approach to understanding the oft hyperbolized issue of the Nephilim....there we saw the Nephilim, the sons of Anak, which come of the Nephilim: and we were in our own sight as grasshoppers, and so we were in their sight-Numbers 13:33#nephilim #giants #bible #cryptozoology #monsters #megalithic #Christianity #Judaism

Lost Race of the Giants Patrick Chouinard, 2013-09-28 An exploration of mythological and archaeological evidence for prehistoric giants • Examines the many corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse frost giants, and the biblical Nephilim • Reveals recent finds of giant skeletons in the deserts of Saudi Arabia and India • Explains how giants passed on their sophisticated culture and civilization to humanity before being wiped out in the great age of cataclysms and floods Giants are a cornerstone of the myths, legends, and traditions of almost every culture on Earth. Stories of giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena, but archaeological discoveries of 10- and 12-foot skeletons--many of which have been suppressed--confirm the

existence of a forgotten golden age of giants before recorded history. Patrick Chouinard examines the staggering number of corresponding giant mythologies throughout the world, such as the Greek and Roman titans, Norse frost giants, the Hindu Daityas, the biblical Nephilim, the Celtic Formorach, the Sumerian Anunnaki, and the multitude of myths in which the sky or world is held aloft on the shoulders of a giant. He links these stories to Atlantis as well as other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations. The author reveals how physical remains of giant-size peoples have been found on almost every continent, including recent finds in the deserts of Saudi Arabia, Afghanistan, and northern India as well as hundreds of excavations of giant mummies and skeletons across the United States, corresponding directly with Native American accounts of red-haired giants. He also examines reports from famous explorers such as Magellan, Sir Francis Drake, and Desoto of their encounters with giants on the North American continent. Revealing how giants represent the true earthborn race, Chouinard explains how they engaged in open conflict with the extraterrestrial gods who created humanity for forced labor and how they passed their sophisticated culture and civilization on to humanity before being nearly wiped out in the great age of cataclysms.

Fallen Angels, Giants, Monsters and the World Before the Flood Rick Renner, 2024-09-03 Do You Have Questions About the World Before the Flood? Does the Bible Really Explain the 'Unexplainable'? Are we really living in the days of Noah as some prophets have said? How are the events of Noah's Ark and the Flood relevant to the last days? Are rebellious, fallen angels masquerading as aliens and UFOs today? In this book, Rick Renner — historian and Bible teacher with extensive knowledge of New Testament Greek — clears up some rampant erroneous theories while uncovering brand-new revelations from the Bible. He uses archaeological findings, the writings of Church fathers, trusted historical documents, and Scripture to answer these and other questions, such as: When was the first recorded rapture? What does it tell us about the rapture of the Church? Are the sons of God in Genesis and the fallen angels the same thing? Who were the watchers God assigned to guard mankind after the Fall? Was Methuselah's life a prophetic demonstration of God's longsuffering that preceded judgment? What did God's promise of "120 years" really mean? Where is Noah's Ark today? And why did God save only Noah and his family? Are there any consequences of unholy living today? Using photos from his own expeditions in the lower Ararat mountains — along with other empirical evidence of the Ark's location — Rick captivates readers in this book and brings the Bible to life concerning this favorite childhood story. Containing hundreds of photos, illustrations, and endnotes, *Fallen Angels, Giants, Monsters, and the World Before the Flood* is "a museum in a book" and a must-have edition to refresh and refine your walk with God!

The Giant Code Bob Blum, There are five major temptations that God's church and people will face in their lifetime—issues that will challenge their loyalty to truth and determine their destinies. God has looked down the corridors of time, foreseeing this, and outlined simple steps to help us overcome. Then, to keep these battle plans from crafty and

conniving eyes, He has hidden them in the minor details of the five battles King David could not fight himself. God knew there would be those who would doubt whoever discovered The Giant Code, so He also placed it in a very popular prophecy—one that few who read their Bibles could miss, the giant image King Nebuchadnezzar saw in Daniel 2. He revealed only challenging temptations, not the way to victories. Now is the time to uncover them. “Then said he unto me, Son of man, dig now in the wall: and when I had digged in the wall, behold a door.” Ezekiel 8:8 KJV

The Sons of God, the Daughters of Men James L. Head,2024-01-05 Who are the Sons of God of Genesis 6? Who are the Nephilim and the Rephaim? What are demons? This book, *The Sons of God, the Daughters of Men*, answers these questions and much more! This subject of those supernatural beings and events is covered as never before in this newly published book. The book introduces the Ben Adam Key, which reveals the true identity of the Nephilim, first mentioned in Genesis 6:4. This is a must-read for any serious study of the subjects found in Genesis 6:1-4.

The Book of Giants Joseph Lumpkin,2014 Among the first seven scrolls discovered in the caves of Qumran at the Dead Sea is a scroll given the name, The Book of Giants. It is thought to have been based on the Book of Enoch, a pseudepigraphical Jewish work from the 3rd century BCE. The Book of Giants, like the Book of Enoch, concerns itself with the Nephilim, which are the offspring of fallen angels, who are called the Watchers. Two main versions of the text exist. The Dead Sea version is written in Aramaic. Another version has been found written in middle Persian, adapted from the Aramaic to fit into the Manichean religion. Both versions will be examined. Following theories speculating that the Book of Giants was once part of the Book of Enoch, we will attempt to place the two texts back together to render the complete story of the Watchers and the Nephilim. We will discover the history and contributions of these ancient scrolls and look carefully at their content and meaning. Throughout the combined texts of the Book of Giants and the Book of Enoch we will examine all the biblical and apocryphal references and parallels within the text. The result is an in-depth and panoramic view of the Angels, the Watchers, and the Nephilim, and how one of the giants of the Nephilim race may have survived the flood intended to cleanse the Earth of their horror.

Ancient Giants Xaviant Haze,2018-06-12 Investigates physical evidence, history, and myths to reveal the lost race of giants that once dominated the world • Reveals suppressed archaeological and scientific discoveries supporting the existence of a worldwide race of giants • Examines giant myths and legends from ancient religious texts and literature from around the world • Includes findings from throughout Europe (Britain, France, Spain, Italy, Germany, and Russia), the Middle East (Israel, Egypt, Syria, Iraq, and Iran), Africa, Australia, New Zealand, and the Far East (China, Japan, Malaysia, and the Philippines) From the Nephilim and Goliath in the Bible to the Titans in Greek mythology and the Fomorians and Frost Giants

in Celtic and Nordic lore, almost every culture around the world has spoken of an ancient race of giants. Giant footprints left in the geological bedrock, tens of thousands of years old, have been discovered in India, China, and the war-torn lands of Syria. Giant bones and full skeletons have been found in Europe, the Middle East, Africa, Australia, and Asia. Yet despite mounting evidence, mainstream science continues to consign these findings to the fringe. Examining global myths, historical records, megalithic ruins, and archaeological findings, Xaviant Haze provides compelling evidence for a lost race of giants in Earth's prehistory. He explores myths that go back thousands of years, including those found in the world's holiest scriptures, as well as medieval and modern myths, such as Geoffrey of Monmouth's account of the first kings of Britain and the stories of giant bones unearthed by Allied soldiers during World War II. He investigates historical reports of ancient giants found in Ireland and the British Isles—the remains of which mysteriously disappeared shortly after their discovery. He explores the legends of giants in Russia and goes deep into the Far East, revealing the multitude of fascinating giant legends in China. Haze explains how giants were responsible for the megalithic wonders of Malta and how the early settlers of Australia discovered the remains of giants but these findings were suppressed by the Royal Academies. He also explores the mythic origins of the giants: Were they the hybrid results from genetic experiments of ancient aliens or from the interbreeding of the fallen angels with the daughters of man? Covering legends and finds from throughout Europe, the Middle East, Africa, Australia, New Zealand, and the Far East, Haze also presents--in its entirety--The Book of Giants, a portion of the Dead Sea Scrolls suppressed due to its overwhelming support for the existence of giants in antiquity.
