Dawn Broken Red Mika Busch,2016-09-18 A dew day had dawned. The farm was safe, at least as safe as a place could be in these times. Saffron had a crush, and of all things and to her surprise, it was on her best friend, Nat. She had never had a crush before, had never even felt such feelings. All she ever cared about was where she boarded and when the next Tahereh Mafi novel came out. Saffron was in love, or near enough, and the object of her affection was a girl! Her brother Shane was a good Catholic, and their new friend Dawn was a Pastor, a Protestant even... would they understand? Would anyone? In a world where the dead walked, life was complicated in so many different ways, it just boggled her mind. Welcome to the continuing adventures of Saffron Mabel and Natsuki Igarashi, the Living Dead Girls...

Girl Culture Claudia Mitchell,Jacqueline Reid-Walsh,2007-12-30 Never before has so much popular culture been produced about what it means to be a girl in today's society. From the first appearance of Nancy Drew in 1930, to Seventeen

magazine in 1944 to the emergence of Bratz dolls in 2001, girl culture has been increasingly linked to popular culture and an escalating of commodities directed towards girls of all ages. Editors Claudia A. Mitchell and Jacqueline Reid-Walsh investigate the increasingly complex relationships, struggles, obsessions, and idols of American tween and teen girls who are growing up faster today than ever before. From pre-school to high school and beyond, *Girl Culture* tackles numerous hot-button issues, including the recent barrage of advertising geared toward very young girls emphasizing sexuality and extreme thinness. Nothing is off-limits: body image, peer pressure, cliques, gangs, and plastic surgery are among the over 250 in-depth entries highlighted. Comprehensive in its coverage of the twenty and twenty-first century trendsetters, fashion, literature, film, in-group rituals and hot-button issues that shape—and are shaped by—girl culture, this two-volume resource offers a wealth of information to help students, educators, and interested readers better understand the ongoing interplay between girls and mainstream culture.

**Portrayals of Children in Popular Culture** Vibiana Bowman Cvetkovic,Debbie C. Olson,2012-12-21 *Portrayals of Children in Popular Culture: Fleeting Images*, edited by Vibiana Bowman Cvetkovic and Debbie Olson, is a collection which examines images of “children” and “childhood” in popular culture, including print, online, television shows, and films. The contributors to this volume explore the constructions of “children” and “childhood” rather than actual children or actual childhoods. In the chapters that are concerned with depictions of actual, individual children, the authors investigate how the images of those children conform or “trouble” current notions of what it means to be a child engaged in a contemporary “childhood.” This is a unique volume, because of the academic discourse which is employed—that of “Childhood Studies.” The Childhood Studies scholars represented in this collection utilize an interdisciplinary approach which draws upon various academic fields—their methodologies, theoretical approaches, and scholarly conventions—for the scholarly research in this collection. Together, the contributions to this collection interrogate classic notions of childhood innocence, knowledge, agency, and the fluid position of the signifier “child” within contemporary media forms. These interdisciplinary works function as a testament to the infectiousness of the child image in print, television, and cinematic contexts, and represent a new avenue of discursive scholarship; the questions raised and connections made provide fresh insights and unique perspectives to topics regarding children and childhood and their representation within multiple media platforms. The growing field of Childhood Studies is enriched by the intellectual originality represented by this volume’s authors who ask new questions about the enduring and captivating image of the child.

**Practical Wisdom for Parents** Nancy Schulman, Ellen Birnbaum,2008-05-06 This reassuring guide to navigating nursery school life-both at home and in the classroom-is the most comprehensive book on the subject. Nancy Schulman and Ellen Birnbaum draw on their decades of experience at the 92nd Street Y Nursery School to respond to parents' hunger for practical information on a wide range of topics, including: • What to look for in a preschool • Strategies for separation, discipline, toilet training, and bedtime • The best toys, books, and activities at every stage • How to stimulate your children without overscheduling them • Ways to talk about difficult topics like divorce, illness, or death • How to support your child's social and intellectual development Schulman and Birnbaum have devoted their lives to listening to and understanding young children, and the advice they offer is as warm and humorous as it is comforting and wise.

Shaping Students of Color from Preschool to Graduate School Nathan Durdella,2025-09-01 Illuminates how family-student interactions enhance the educational achievement of students of color/first-generation academics and applies these lessons to institutional goals. Shaping Students of Color from Preschool to Graduate School argues that family socialization and parent involvement in education influence paths to graduate school. Based on personal interviews with over thirty graduate students of color and first-generation graduate students, the text shows that families and parents use a complex system where cultural knowledge and behavioral modeling socialize children over the life course to promote specific values, including prioritizing education and hard work; building family unity and spirituality; honoring familial and ancestral sacrifices; fostering individual agency and personal autonomy at a young age; resisting gendered and racialized norms; and managing relationships in both personal and professional settings. These stories lay the groundwork for developing an asset-based understanding of what graduate students of color and first-generation graduate students bring to campus. Institutionally, what we learn can continue to build on the unique experiences and strengths of graduate students and enhance connections between personal and familial backgrounds and inclusive educational programming.
