**Claire M. Renzetti**

*Intimate Betrayal* Ellyn Kaschak, 2014-01-02 Help ease the secret suffering of lesbians in abusive relationships! Why is woman-on-woman violence so often ignored or discounted? *Intimate Betrayal: Domestic Violence in Lesbian Relationships* uncovers the hidden problem of lesbians who hurt the women they love. This long-needed book brings together theory, practice, and research to suggest new and fruitful ways to understand, prevent, and treat this common problem. *Intimate Betrayal* provides new empirical research into the psychological and sociocultural causes of abuse. As several of the chapter authors demonstrate, neither traditional feminist theories about power nor heterosexist paradigms explain the causes, dynamics, or treatment of this problem. However, the new research presented here suggests helpful diagnostic criteria and effective treatments. *Intimate Betrayal* analyzes the factors that contribute to lesbian domestic violence, including: heterosexism and homophobia minority stress emotional isolation and lack of community ties revictimization of women who have previously suffered abuse The thorough literature review included reveals the paucity of attention that has been paid to this problem. *Intimate Betrayal* suggests exciting new models for freeing women from domestic violence, including the use of clinical and community resources and liberation theology. Community activists, counselors, and psychologists will be intrigued by the insightful analysis of the root causes of lesbian-on-lesbian violence and the valuable treatment suggestions. Researchers will welcome the new avenues it opens for additional research.

*Violent Betrayal* Claire M. Renzetti, 1992-04-06 Based on a study of violence in lesbian relationships, this challenging book derives from a common theme expressed by the subjects - the sense of having been betrayed, first by their lovers, and subsequently by a lesbian community which tends to deny the problem when victims seek help. Renzetti skillfully addresses several central issues: consequences for victims, batterers and the community as a whole; and, what we can learn about domestic violence in general by studying violence in lesbian relationships. The research offers a fresh look at domestic violence by examining the phenomenon of women as perpetrators of intimate violence against women, at the same time making a clear distinction between battering and self defence.

*No More Secrets* Janice Lynn Ristock, 2002 Violence is a male biological trait. When women fight, no one gets seriously hurt. Lesbians don't abuse their spouses. The truth revealed in Janice Ristock's groundbreaking book is that lesbian relationships sometimes do turn violent. Based on interviews with more than one hundred lesbians who have suffered abuse

and seventy-five case workers, *No More Secrets* is the first in-depth account of this startling phenomenon. Although one in four gay and lesbian couples are affected by domestic violence, the problem has remained hidden for several reasons. By giving voice to the victims, Ristock helps women to address violence by breaking silences, sharing secrets, and naming the forms of abuse.

**Overcoming Violence Against Women and Girls** Michael L. Penn, Rahel Nardos, 2003 This book provides university students, policy makers, activists, public health workers, clinicians, and lay citizens alike with a vivid overview of the scope of the problem of gender-based violence worldwide, as well as a sense of the important work now underway to eradicate it. An integration of a vast range of data and insights from all the major disciplines that have contributed to our understanding of this problem, this book is invaluable as a classroom text. The authors have been guided throughout this work by the desire to contribute a document that would move the current international discourse along by providing an historical, interdisciplinary overview that is at once critical, constructive, and visionary.

*Same-Sex Relationships, Law and Social Change* Frances Hamilton, Guido Noto La Diega, 2020-01-15 This edited collection provides a forum for rigorous analysis of the necessity for both legal and social change with regard to regulation of same-sex relationships and rainbow families, the status of civil partnership as a concept and the lived reality of equality for LGBTQ+ persons. Twenty-eight jurisdictions worldwide have now legalised same-sex marriage and many others some level of civil partnership. In contrast other jurisdictions refuse to recognise or even criminalise same-sex relationships. At a Council of Europe level, there is no requirement for contracting states to legalise same-sex marriage. Whilst the Court of Justice of the European Union now requires contracting states to recognise same-sex marriages for the purpose of free movement and residency rights, unlike the US Supreme Court, it does not require EU Member States to legalise same-sex marriage. Law and Sociology scholars from five key jurisdictions (England and Wales, Italy, Australia, Canada, and the Republic of Ireland) examine the role of the Council of Europe, European Union and further international regimes. A balanced approach between the competing views of critically analytical rights based theorists and queer and feminist theorists interrogates the current international consensus in this fast moving area. The incrementalist theory whilst offering a methodology for future advances continues to be critiqued. All contributions from differing perspectives expose that even for those jurisdictions who have legalised same-sex marriage, still further and continuous work needs to be done. The book will be of interest to students and scholars in the field of human rights, family and marriage law and gender studies.

*Abuse in Lesbian Relationships* Laurie C. Chesley, Donna MacAulay, Janice Lynn Ristock, Canada. Health Canada, 1998

**Violence in Gay and Lesbian Domestic Partnerships** Claire M Renzetti, Charles H Miley, 2014-04-08 *Violence in Gay and Lesbian Domestic Partnerships* provides a comprehensive analysis of same-sex domestic violence, addressing the major theoretical and treatment issues for both its victims and perpetrators. Its contents raise awareness among social service

providers, of the problem of same-sex domestic violence and emphasize the need for special services for both victims and perpetrators. The publication of *Violence in Gay and Lesbian Domestic Partnerships* signifies the growing official recognition of domestic violence within lesbian and gay relationships as a social problem worthy of serious attention and intervention. Editors Renzetti and Miley begin by providing readers with an overview of the problem of same-sex domestic violence and the responses of the domestic violence movement and other social service providers. Chapters then move to discussions of the current scarcity of services available to lesbian and gay victims and perpetrators of domestic violence and then evaluate specific treatment modalities for these client groups. Significantly, the special needs of lesbians and gays of color and those with HIV/AIDS are discussed. Chapters contain: an historical overview of the study of same-sex domestic violence a review and evaluation of theoretical explanations of same-sex domestic violence an analysis of major problems in service provisions to gay and lesbian victims of domestic violence suggestions for and evaluations of specific treatment modalities an analysis of how racism intersects with homophobia to exacerbate the consequences of domestic violence an analysis of the role of HIV/AIDS in same-sex domestic violence Contributors to this volume were actively addressing the problem of same-sex domestic violence before it was officially “discovered.” Some were motivated by their experiences as victims and survivors of same-sex domestic violence, others by their concern about domestic violence in general. As a compilation of the writings of academics, clinicians, advocates, and activists, *Violence in Gay and Lesbian Domestic Partnerships* bridges disciplinary and occupational boundaries and promotes a dialogue across fields and specialties. *Violence in Gay and Lesbian Domestic Partnerships* is unique in that it is the only book available which comprehensively addresses the social service needs of gay and lesbian domestic violence victims and perpetrators. Specific suggestions are offered for improving service providers’ responses to gay and lesbian victims of domestic violence. Social workers, counselors, practitioners and clinicians will find it especially useful, given that it addresses the effectiveness of particular treatment modalities for lesbian and gay victims and perpetrators.

From conception all the way to care for elderly parents, this book takes a fresh look at lesbian family relationships. Topics include: butch/femme couples, infidelity, the psychological meaning of family for lesbians, age-discrepant couples, lesbian nuns as family, Listservs as family, intentional family for aging women, women raising sons, mothers who come out late in life, mothers and children in situations of domestic violence, lack of support for lesbian domestic violence survivors, death of a partner, psychological issues in the use of sperm donors or surrogates, and middle-aged lesbians caring for homophobic elderly parents. Some authors use self psychology and Jungian psychology to describe aspects of family life. The richness and diversity of topics makes it a text on lesbian lives. Therapists and academics from throughout the U.S. have contributed to this collection. Many lesbian women, as well as teachers (it can be a text) and mental health professionals who work with children, families, couples and elderly will find useful material here. Violence against Women in Families and Relationships Eve S. Buzawa, Evan Stark, 2009-06-08 This comprehensive overview of domestic violence against women and children in America covers the services meant to combat it, the legal approaches to prosecuting it, the public's attitudes toward it, and the successes and failures of systems meant to address it. The fight to end domestic violence consists of community-based services for battered women, laws and policies to combat the problem, a broad spectrum of frequently-innovative programs to protect or otherwise support abused women and children, a dramatic shift in media portrayals of violence against women, and a growing public critique of unacceptable forms of power and control in relationships. These volumes offer another weapon in that battle. *Violence against Women in Families and Relationships* takes stock of all of the ways in which legislation, programs and services, and even public attitudes have impacted victims, offenders, and communities over the last few decades. Contributors pay special attention to how race, class, and cultural differences affect the experience of abuse. They explore the efficacy of interventions, and they provide compelling real-life examples to illustrate issues and challenges. Our society has made an enormous investment in stopping

abuse in families and relationships, but numerous questions still remain. Many of those questions are answered in these pages, as experts uncover the realities of domestic violence and the toll it takes on families, individuals, communities, and society at large.

**From Hate Crimes to Human Rights** Mary E Swigonski, Robin Mama, Kelly Ward, Attn: Matthew Shepard, 2014-05-01 Fight for the human rights of LGBT individuals with strategies from this powerful book! From the intimate horror of domestic violence to the institutionalized heterosexism of marriage laws, this volume takes an unsparing look at the interconnections of prejudice and hate crimes in the lives of LGBT individuals. Bringing together original research and solidly grounded theory, *From Hate Crimes to Human Rights: A Tribute to Matthew Shepard* also offers fresh strategies so you can work effectively for social change. This moving, thoughtful volume begins with a friend's memoir of the murdered Matthew Shepard; this intimate glimpse is powerful testimony that hate crimes affect individuals, not just symbolic martyrs. *From Hate Crimes to Human Rights* drags hidden homophobia from the closet and examines it with clean, incisive intelligence. It tackles taboo topics, including: what the Bible really says about homosexuality how minority cultures sometimes foster hatred against the LGBT individuals in their midst why child welfare services don't protect LGBT youth from peer violence how internalized LGBT self-hatred can be expressed as domestic violence Hate crimes do not occur in a cultural vacuum. *From Hate Crimes to Human Rights* searches out the roots of hatred and suggests ways to eradicate them, drawing on economics, theology, and linguistics as well as sociology, history, and political science. Specific suggestions include: how to use language as a social and cultural change strategy what individuals and universities can do to promote human rights how to make use of the intersection of difference and tolerance to prevent hate crimes why equal treatment for LGBT individuals is a human rights issue, not a special-interest advantage *From Hate Crimes to Human Rights* provides powerful explanations of the ways hatred generates hate crimes and proposes positive action you can take to validate human rights. A Statement from the Authors One of the premises of this book is that if we want to progress from hate crimes to human rights, we must learn to respect, honor, and celebrate diversity. The chapter authors exemplify a rainbow of ethnicities, sexual orientations, and gender identities. Each of us is committed to advocate for human rights and to work to end hate crime. Toward those ends, the royalties from the sale of this book will go directly to a memorial fund that has been established at Monmouth University in Matthew Shepard's honor. The proceeds from that fund will be used to support students in their preparation for human rights advocacy.

Queering Methodology Róisín Ryan-Flood, Alison Rooke, 2022-10-20 This groundbreaking collection explores the complexities of researching the lives of lesbian and queer women. It critically interrogates the concept of 'lesbian', especially as applied to research praxis. Who or what is a 'lesbian' and why does this category matter? How is research shaped by such categorisations and why? What does it mean for research that identities can be fluid and changing? Further, this collection examines social formation of power from an intersectional perspective in relation to lesbian and queer women's experiences, exploring complex tensions and inequalities in relation to class, race and trans identities for example. These chapters by world-renowned scholars bring together compelling accounts of research dilemmas, ethics, sensitivities and nuances that will resonate for many researchers. This book highlights how gender, sexuality and power intersect within and beyond the research project, illuminating how research can generate new questions as well as provide important insights. The chapters in this book were originally published as a special issue of the *Journal of Lesbian Studies*.
