Sacred Knowledge Pejman Fartash,2023-09-08 Sacred Knowledge is a compilation book containing parts of ancient sacred texts and books within Alchemy, Mysticism, Magic, Kabbalah, Tarot and the esoteric doctrine. The purpose is to preserve these sacred texts and support the original authors and their works.

The Secret Fire of Alchemy Kevin B. Turner,2025-02-04 • Describes the initiatory stages of Kriya Yoga and Tibetan Buddhism with high-level yogis and lamas • Shares the author's experiences of spontaneous dream initiations, astral travels, Kundalini awakening, and an out-of-body journey through the Bardo to a past life—which led him to pursue spiritual studies in Asia • Reveals the profound parallels between Western Alchemy's search for the Philosopher's Stone and the Indo-Tibetan quest for Spiritual Liberation Guided by a profound series of dream initiations, astral travels, intense kundalini activation, and an out-of-body journey to a past life, Kevin Turner embarks on an around-the-world quest in pursuit of the secret fire of alchemical enlightenment. Detailing his intensive studies to discover the meaning behind his spontaneous nighttime initiations, Turner finds resonance with Goethe's alchemical quest and Descartes' assertion that the pineal gland is the seat of the soul. Turning to Eastern traditions, the author finds exact descriptions of his experiences in books on kundalini yoga and answers to his questions about death, rebirth, and the soul's Immortal Light in writings on Tibetan Buddhism—as well as profound parallels between the alchemists' search for the Philosopher's Stone and the Indo-Tibetan quest for Liberation. Realizing his calling to accelerate the evolution of the soul, Turner travels to Asia where he meets the last living disciple of Sri Yukteswar, Swami Paramahansa Hariharananda Giri, who initiates him into Kriya Yoga. In his pursuit of the Eastern alchemical tradition, he then travels to the Himalayas in Nepal to study with Shamarpa Rinpoche at Nagi Gompa Monastery. Turner then journeys to Taipei to study Taoist alchemy and Tai Chi before returning to Europe to renew his studies of Western alchemy. Deeply personal and spiritually uplifting, Turner's story of initiation into alchemical traditions of East and

West offers insight into the initiatory process known as the Great Work and powerful guidance to others on the spiritual path toward enlightenment.

The Jewish Alchemists Raphael Patai, 2014-07-14 In this monumental work, Raphael Patai opens up an entirely new field of cultural history by tracing Jewish alchemy from antiquity to the nineteenth century. Until now there has been little attention given to the significant role that Jews played in the field of alchemy. Here, drawing on an enormous range of previously unexplored sources, Patai reveals that Jews were major players in what was for centuries one of humanity's most compelling intellectual obsessions. Originally published in 1994. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Fulcanelli and the Alchemical Revival Geneviève Dubois, 2005-11-10 Sheds new light on the identity of the alchemist Fulcanelli • Provides new understanding of the relationships between the most important figures of the esoteric milieu of Paris in the first half of the 20th century • Includes a wealth of rarely seen documents, photos, and letters Fulcanelli, operative alchemist and author of *The Mystery of the Cathedrals* and *The Dwellings of the Philosophers*--two of the most important esoteric works of the twentieth century--remains himself a mystery. The true identity of the man who allegedly succeeded in creating the philosopher's stone has never been discovered, despite ardent searches by many--even the OSS (the wartime U.S. intelligence agency, later to become the CIA) claimed to have looked for him following the end of World War II. Geneviève Dubois looks at the esoteric milieu of Paris at the turn of the century, a time that witnessed a great revival of the alchemical tradition, and investigates some of its salient personalities. Could one of these have been this enigmatic man, reported to have last appeared in Seville, Spain, in 1952 when he would have been 113 years of age? The trail followed by the author encounters such figures as Papus, René Guénon, Schwaller de Lubicz, Pierre Dujols, Eugene Canseliet, and Jean-Julien Champagne. Working from rare documents, letters, and photos, Dubois suggests that one of these men could have been hiding his activity behind the pseudonym of Fulcanelli or that Fulcanelli may even have been a composite fabricated by several of these individuals working together. Beyond its attempt to reveal the actual identity of Fulcanelli, *Fulcanelli and the Alchemical Revival* also presents an explanation of the alchemical doctrine and reveals the unsuspected relationships among the important twentieth-century truth seekers it highlights.

Magic David Conway, 2016-03-01 David Conway's *Magic: An Occult Primer* is a seminal work that brought magical training to the every-magician in the early 70s. David is an articulate writer presenting the mysteries in a very workable manner for the serious student. Along with the updated texts on philosophy and practical magic is a plethora of graphics that

have all been redrawn, promising to be another collector's edition published by The Witches' Almanac. The book is divided into two sections: "Magical Theory" and "Magical Practice." "Magical Theory" presents a very concise accounting of the philosophy behind magic. Conway begins with an exposé of magic within the confines of natural law, taking the time to meticulously find corollary for the basis of magic. He then takes us into an exposition of the Kabbalah and broader cosmological concerns. Conway drills down into daily practice and further explores the basic training necessary for a magician in this day and age. "Magical Practice" begins with the preparations necessary for the practice of magic. Conway begins this section with several tables of correspondences that will prove helpful to even the advanced magician. He continues with an examination of the timing of rituals as well as the place and ritual equipment necessary for rites. Conway then provides master rituals presented for both Kabbalistic and Egyptian approaches. He also presents detail on astral projection, talismanic magic, and prophecy. *Magic: An Occult Primer* ends with appendices that present detailed magical recipes, an examination of magical alphabets, and an extensive occult Who's Who.

Teachers of the Eternal Doctrine Elton A. Hall, 2006 Raghavan Iyer founded HERMES, a journal of Theosophical Wisdom, as one of several vehicles for the current behind the 7th Century Impulsion just prior to the beginning of the 1975 Cycle in Santa Barbara, California. In that journal, he illustrated the ways in which Mahatmas have worked and continue to work in the world. In the lead article of this volume, *The Seventh Impulsion: 1963-2000*, he made clear that the Mahatmic

impulsions were concentrated in the last quarter of each century, but that preparations for them occurred earlier, and that their reverberations lasted far beyond the conclusion of each quarter-century cycle in an unending continuous stream. Near the beginning of 1976, after a year of guiding the golden HERMES current, Professor Iyer determined that those thinkers and teachers most involved in the Seven Century Plan should be honored through writings-called the Teacher Articles-that described the hidden current behind their lives and the timeless context for their work within the cycles of time. All of the Teacher Articles were written from a Theosophical perspective based, in large part, upon the philosophy expounded in H. P. Blavatsky's *The Secret Doctrine*, This collection of essays contains those articles that first appeared in HERMES as an exploration of the Seven Century Plan.

Calling the Spirits Lisa Morton,2022-10-10 From Halloween expert Morton, a level-headed and entertaining history of our desire and attempts to hold conversations with the dead. *Calling the Spirits* investigates the eerie history of our conversations with the dead, from necromancy in Homer's *Odyssey* to the emergence of Spiritualism—when Victorians were entranced by mediums and the seance was born. Among our cast are the Fox sisters, teenagers surrounded by “spirit rappings”; Daniel Dunglas Home, the “greatest medium of all time”; Houdini and Sir Arthur Conan Doyle, whose unlikely friendship was forged, then riven, by the afterlife; and Helen Duncan, the medium whose trial in 1944 for witchcraft proved more popular to the public than news about the war. The book also considers Ouija boards, modern psychics, and paranormal investigations, and is illustrated with engravings, fine art (from beyond), and photographs. Hugely entertaining, it begs the question: is anybody there . . . ?

A Serpent Uncoiled Simon Spurrier,2011-08-04 A missing mobster. A bizarre spiritualist society. And three deaths, linked by a chilling forensic detail. Working as an enforcer in London's criminal underworld brought Dan Shaper to the edge of a breakdown. Now he's a private investigator, kept perilously afloat by a growing cocktail of drugs. He needs to straighten-up and rebuild his life, but instead gets the attention of his old gangland masters and a job-offer from Mr George Glass. The elderly eccentric claims to be a New Age Messiah, but now needs a saviour of his own. He's been marked for murder. Adrift amidst liars and thugs, Shaper must push his capsizing mind to its limits: stalked not only by a unique and terrifying killer, but by the ghosts of his own brutal past.

Enchanted New York Kevin Dann, 2016-03-15 A fantastical field guide to the hidden history of New York's magical past Manhattan has a pervasive quality of glamour—a heightened sense of personality generated by a place whose cinematic, literary, and commercial celebrity lends an aura of the fantastic to even its most commonplace locales. Enchanted New York chronicles an alternate history of this magical isle. It offers a tour along Broadway, focusing on times and places that illuminate a forgotten and sometimes hidden history of New York through site-specific stories of wizards, illuminati, fortune tellers, magicians, and more. Progressing up New York's central thoroughfare, this guidebook to magical Manhattan offers a history you won't find in your Lonely Planet or Fodor's guide, tracing the arc of American technological alchemies—from Samuel Morse and Robert Fulton to the Manhattan Project—to Mesmeric physicians, to wonder-working Madame Blavatsky, and seers Helena Roerich and Alice Bailey. Harry Houdini appears and disappears, as the world's premier stage magician's feats of prestidigitation fade away to reveal a much more mysterious—and meaningful—marquee of magic. Unlike old-world cities, New York has no ancient monuments to mark its magical adolescence. There is no local memory embedded in the landscape of celebrated witches, warlocks, gods, or goddesses—no myths of magical metamorphoses. As we follow Kevin Dann in geographical and chronological progression up Broadway from Battery Park to Inwood, each chapter provides a surprising picture of a city whose ever-changing fortunes have always been founded on magical activity.
