**When You See Her** Barbara Boehm Miller,2023-01-24 Trapped and isolated in small-town Wisconsin, Sarah wants nothing more than to blend in and lead a normal life away from her abusive brother. Weighing five hundred pounds and having no job or formal education, however, makes this almost impossible. When Sarah commits an unthinkable act, she seizes the only opportunity available to escape the consequences of her actions. She contacts the carnival man who previously offered her a job as a sideshow act. Burying her guilt, Sarah leaves home and begins performing under the stage name Lola Rolls. Traveling from town to town, Lola wonders if it's possible to hide in plain sight and truly outrun her past. She builds lasting friendships along the way, and as the quality of her performances improves, she starts on a path to self-reliance and self-acceptance. Set in the late 1970s, When You See Her is an immersive page-turner that explores what it means to be both visible and invisible, simultaneously desired and reviled, while carving out a space in a too-small world.

**Now You See Her...** Dale Mayer,2015-11-17 Energy is the life-force of inherent good...and the vigor of unnatural evil. Which is stronger? When she was young, Tia was forced into a prison, studied and tortured, because of her special talent. The chance for escape led her to run as far away as she could...but she quickly discovered there is nowhere she can hide that they can't find her. Stefan Kronos, a psychic who's formed a community of those like her, is the only person she believes can help her. When she begs him to help her, she awakens from a coma six weeks later. Her problems have only just begun, chief among them that she's still being hunted. Now you see her... Dean is moonlighting as a guard at the hospital Tia finds herself in upon rousing from unconsciousness. Between a rock and a hard place, Dean has met Tia, a woman he can't forget...and equally can't believe the insane things she's telling him - until there's absolutely no other choice. What's at stake becomes only too clear when Tia's problems become Dean's, entwining them so neither knows where one stops and the other starts. If she runs again, how can he find someone of her unbelievable talents? Now you don't...
