A History of the Mishnaic Law of Purities, Part 8 Jacob Neusner,2007-04-01 The history of Jews from the period of the Second Temple to the rise of Islam. From 'A History of the Mishnaic Law of Appointed Times, Part 1' This volume introduces the sources of Judaism in late antiquity to scholars in adjacent fields, such as the study of the Old and New Testaments, Ancient History, the ancient Near East, and the history of religion. In two volumes, leading American, Israeli, and European specialists in the history, literature, theology, and archaeology of Judaism offer factual answers to the two questions that the study of any religion in ancient times must raise. The first is, what are the sources -- written and in material culture -- that inform us about that religion? The second is, how have we to understand those sources in reconstructing the history of various Judaic systems in antiquity. The chapters set forth in simple statements, intelligible to non-specialists, the facts which the sources provide. Because of the nature of the subject and acute interest in it, the specialists also raise some questions particular to the study of Judaism, dealing with its historical relationship with nascent Christianity in New Testament times. The work forms the starting point for the study of all the principal questions concerning Judaism in late antiquity and sets forth the most current, critical results of scholarship.

The Law of Misstatements Kit Barker,Ross Grantham,Warren Swain,2015-08-27 2013 was the 50th anniversary of the House of Lords' landmark decision in *Hedley Byrne v Heller*. This international collection of essays brings together leading experts from five of the most important jurisdictions in which the case has been received (the United Kingdom, the United States, New Zealand, Canada and Australia) to reappraise its implications from a number of complementary perspectives-historical, theoretical, conceptual, doctrinal and comparative. It explores modern developments in the law of misstatement in each of the jurisdictions; examines the case's profound effects on the conceptual apparatus of the law of negligence more generally; explores the intersections between misstatement liabilities in contract, tort, equity and under statutory consumer protection provisions; and critically assesses the ways in which advisor liabilities have come to be limited and distributed under systems of 'joint and several' and 'proportionate' liability respectively. Inspired by *Hedley Byrne*, the purpose of the collection is to reflect on the case's echoes, effects and analogues throughout the private law and to provide a platform for thinking about the ways in which liabilities for misstatement and pure economic loss should be modelled in the modern day.

Living the Law of One 101 Carla L Rueckert,2014-06-03 Written with the intent of creating an entry-level, simple to read report concerning the core principles of the Law of One and Confederation philosophy in general, this book takes the reader through a discussion of Law of One principles such as unity, free will, love, light and polarity. It then works with the Confederation version of the concept that each person has an energy body with seven chakras. It discusses this concept and its implications for the seeker, chakra by chakra. It turns the player into a Player! This is a light-hearted book about the Game of Life. It is an easy read, and yet the principles of the Law of One are not simplified. Rather, they are offered in an order which makes coherent sense. Principle builds upon principle to offer an overall view of Confederation philosophy which is a bit easier to grasp as a whole than the original Law of One books, where the question-and-answer format offers the same information in a somewhat fragmented form, although with endless interest. If you would like to play the Game of Life with Carla, please give this book a try!
