**Edgar Allan Poe** Richard Kopley,2025-03-18 A groundbreaking exploration of one of America's most iconic and misunderstood authors Edgar Allan Poe: A Life is the most comprehensive critical biography of Poe yet produced, exploring his fascinating life, his extraordinary work, and the vital relationship between the two. Best known for his tales of mystery and the macabre found in such works as "The Raven," "Annabel Lee," and "The Tell-Tale Heart," this legendary American author continues to intrigue and enthrall his devoted readers. Written by one of the world's leading Poe experts, this biography is a rich and rewarding study for the general reader as well as for the seasoned scholar. Richard Kopley combines a biographical narrative of Poe's enduring challenges—including his difficult foster father, his personal losses, his great struggles with depression and alcoholism, and the poverty that dogged his existence—with close readings of his work that focus not only on plot, character, and theme but also on language, allusion, and structure in a way that enhances our understanding of both. While incorporating past Poe scholarship, this volume also relates unknown stories of Poe culled from privately held letters unavailable to previous biographers, presenting a range of groundbreaking archival discoveries that illuminate the man and his oeuvre in ways never before possible.

Everything's Fine Cecilia Rabess, 2023-06-06 "Does love conquer all? Does it now? Did it ever? These are questions Cecilia Rabess asks in her nimble, discerning debut...The ending of *Everything's Fine* is one of the best I've read in years." —The New York Times A painfully funny, painfully real love story for our time that doesn't just ask will they, but...should they? Jess is a senior in college, ambitious but aimless, when she meets Josh. He's a privileged preppy in chinos, ready to inherit the world. She's not expecting to inherit anything. A year later, they're both working at the same investment bank. And when Jess finds herself the sole Black woman on the floor, overlooked and underestimated, Josh shows up for her in surprising—if imperfect—ways. Before long, an unlikely friendship forms, tinged with undeniable chemistry. It gradually, and then suddenly, turns into an electrifying romance that shocks them both. Despite their differences, the force of their attraction propels the relationship forward. But as the cultural and political landscape shifts underneath them, Jess is forced to consider if their disagreements run deeper than she can bear, what she's willing to compromise for love, and whether, in fact, everything's fine. A stunning debut about "a love affair that turns inferno" (People), that is "extraordinarily brave...funny as hell," (Zakiya Daliliah Harris) Cecilia Rabess's *Everything's Fine* is an incisive and moving portrait of a young woman who is just beginning to discover who she is and who she has the right to be. It is also a "subtle, ironic, wise, state-of-the-nation novel" (Nick Hornby) that asks big questions about the way we live now and "whether our choices stop and end with us" (The New York Times).

*The Californians* Brian Castleberry, 2025-03-11 *The Californians* is an absolute pleasure from end to end, a thrilling, century-spanning, wholly American tale of art and money, family and land, treasure and time....A brilliant read for fans of Anthony Doerr, Dana Spiotta, and Don DeLillo." -- Matt Bell, author of *Appleseed* For fans of *Trust* and *North Woods*, a daring novel that spans 100 years of American history, from the early days of cinema to the rise of digital community art, about parents and children, the drive to create even in times of crisis, and the inheritance of grand western dreams. It's 2024, and Tobey Harlan—college dropout, temporary waiter, recently dumped—steals from the wall of his father's house three paintings by the venerated and controversial artist Di Stiegl. Tobey's just lost everything he owns to a Northern

California wildfire, and if he can sell the paintings (albeit in a shady way to a notorious tech bro) he can start life anew in a place no one will ever find him. It's a risky move, but his father barely seems to like them--as long as Tobey can remember the artworks lived in the shadows of a hallway or partially obscured by furniture. Still, Di Stiegl has always been a touchy subject in his household, and he doesn't quite know why. A hundred years before, Klaus Aaronsohn—German-Jewish immigrant, resident of the Lower East Side—inevitably his way into a film studio in Astoria, Queens. In love with silent cinema, Klaus will restyle himself Klaus von Stiegl, a mysterious aristocratic German film director. In true Hollywood fashion, he will court fame, fortune, romance, and betrayal, and end his career directing Brackett: a radical, notorious 60s-era detective show. Weaving between them is the story of Diane “Di” Stiegl: Klaus’s granddaughter and the woman whose art seems to haunt Tobey's father, who claws out a career as an artist in gritty 1980s NYC. As America yields the presidency to a Hollywood cowboy, as Diane’s grifter father and free-spirited mother circle in and out of her life, Diane will reflect America’s most urgent and hypocritical years back to itself, uneasily finding critical adoration as well as great fame and wealth. A dazzling novel for readers of *Beautiful Ruins* by Jess Walter and *The Candy House* by Jennifer Egan, *The Californians* is an ambitious and sweeping journey across a century. Nuanced and textured, gloriously funny, a critical portrait of the collective American consciousness that has brought us to today, it showcases Brian Castleberry as an inventive, stylish storyteller and a sharp observer of the human condition.

The Richmond Theater Fire Meredith Henne Baker, 2012-03-14 On the day after Christmas in 1811, the state of Virginia lost its governor and almost one hundred citizens in a devastating nighttime fire that consumed a Richmond playhouse. During the second act of a melodramatic tale of bandits, ghosts, and murder, a small fire kindled behind the backdrop. Within minutes, it raced to the ceiling timbers and enveloped the audience in flames. The tragic Richmond Theater fire would inspire a national commemoration and become its generation's defining disaster. A vibrant and bustling city, Richmond was synonymous with horse races, gambling, and frivolity. The gruesome fire amplified the capital's reputation for vice and led to an upsurge in antitheater criticism that spread throughout the country and across the Atlantic. Clerics in both America and abroad urged national repentance and denounced the stage, a sentiment that nearly destroyed theatrical entertainment in Richmond for decades. Local churches, by contrast, experienced a rise in attendance and became increasingly evangelical. In *The Richmond Theater Fire*, the first book about the event and its aftermath, Meredith Henne Baker explores a forgotten catastrophe and its wide societal impact. The story of transformation comes alive through survivor accounts of slaves, actresses, ministers, and statesmen. Investigating private letters, diaries, and sermons, among other rare or unpublished documents, Baker views the event and its outcomes through the fascinating lenses of early nineteenth-century theater, architecture, and faith, and reveals a rich and vital untold story from America's past.

Creative Nonfiction Lee Gutkind, Leslie Rubinkowski, 2024-11-05 The very best writing from one of America’s most

groundbreaking literary magazines. When Creative Nonfiction debuted in 1994, the literary genre it championed was largely the target of skepticism or downright ridicule. But at a time when few editors were interested in the personal essay, the magazine doggedly explored new ideas and fresh modes of expression, and over the next three decades, its contributors pioneered what would come to be known as the “fourth genre.” The thirty-two essays collected here bring together some of the finest work Creative Nonfiction published over its seventy-eight issues. Read Pulitzer Prize-winner Charles Simic’s boyhood remembrances of the bombing of Belgrade, Carolyn Forché’s haunting, lyric catalog of her daily life as she faced down a cancer diagnosis, and John Edgar Wideman’s meditation on the photo of a murdered boy his same age—Emmett Till—and how the image haunted him forever. Here, you’ll find work by such luminaries as Adrienne Rich and John McPhee, but also essays from more contemporary voices like Brian Broome, Elizabeth Fortescue, and Anne McGrath. With an introduction by Lee Gutkind, Creative Nonfiction’s founder and editor, this collection captures the evolution of a genre and the amazing work of the little magazine that helped make it all happen.
