The Gospel Allan Kardec,2000

*The gospel according to spiritism* Allan Kardec,2022-02-17 The Gospel according to Spiritism is one of the five books that make up the Spiritist Codification, a set of teachings transmitted by high order spirits, and organized and commented upon by Allan Kardec. This work contains the essence of the moral teaching of Jesus, and therefore is a refuge where the followers of all religions - and even those who have no religion - may join hands, because it offers a sure itinerary for our inner reform, the objective indicated by Christ as indispensable for achieving our future happiness and inner peace: that achievement which only the full observance of the divine laws can provide to the spirit on its gradual evolutionary path toward God.

**Introduction to the Spiritist Philosophy** Allan Kardec,2004-08

The mediums' book Allan Kardec,2021-11-11 "Dear friends, do not believe every spirit, but test the spirits to see if they are of God..." (1 Jn. 4:1). This work, the second volume of the Codification of the Spiritist Doctrine, explains how and in what ways spirits manifest themselves in the physical world and how to test them to determine if they are of God. The Mediums' Book is the second of the five volumes comprising the Codification of the Spiritist Doctrine. Its author, Allan Kardec, explains that The Mediums' Book combines "the special teachings of the Spirits concerning the theory behind all kinds of manifestations, the means of communicating with the invisible world, the development of mediumship, and the difficulties and pitfalls that may be encountered in the practice of Spiritism." The Mediums' Book is indispensable reading and provides priceless advice to Spiritists. It will always be a precious source of knowledge for any person who inquires into and considers the mediumistic phenomenon that has increasingly manifested itself throughout the world within or apart from formal Spiritist activities. Since we human beings are an integral part of the interchange between the physical and the spirit planes of life, it is best that we understand the mechanisms of this relationship as much as possible. The Mediums' Book is the safest manual for all those who dedicate themselves to activities involving communication with the spirit world.

**The Spirits' Book** Allan Kardec,2006-10-01 When two grave and serious spirits began speaking to a French academic

through two young mediums and completely revolutionized [his] ideas and convictions, Allan Kardec decided to set down these spiritualistic revelations. The result electrified the high society of the mid 19th century, which was already fascinated by spirit tapping and other paranormalities, and earned Kardec a pseudonym his spirits commanded him to use—a place in this history of the paranormal as the father of spiritism. Kardec interviews the spirits, asking more than 1000 questions about morality, the nature of the soul, the history of humanity, and more, including: . Is the soul reincarnated immediately after its separation from the body? . Does the spirit remember his corporeal existence? . Could two beings, who have already known and loved each other, meet again and recognise one another, in another corporeal existence? . What is to be thought of the signification attributed to dreams? . Are good and evil absolute for all men? . What is the aim of God in visiting mankind with destructive calamities? . Is it possible for man to enjoy perfect happiness upon the earth? Promising nothing less than the secret of the destiny of the human race, this extraordinary book, first published in 1856, is as curious today as it was a century and a half ago. French scholar HIPPOLYTE LEON DENIZARD RIVAIL (1804-1869), aka Allan Kardec, was a longtime teacher of mathematics, astronomy, and other scientific disciplines before turning to the paranormal.

*The Gospel according to Spiritism (Translated)* Allan Kardec, 2021-09-09 In this book, Allan Kardec deals with a problem of great importance, especially taking into account the past and present relations between the Church and Spiritism. The Gospel according to Spiritism contains the explanation of the moral maxims of Christ, their concordance with Spiritism and their application to different cases of life. All the communications have been made by very high spirits, and texts due to different authors agree and integrate each other in an admirable way. It is the true interpretation of the life of Christ, his miracles, acts and parables, with an explanation and commentary of high spiritual entities, in a presentation that corrects errors and false interpretations to offer only and above all the truth. The name of Allan Kardec is famous in the world as the first codifier and therefore, practically, as the founder of the spiritualist doctrine, or rather, as he wanted to define it, of the spiritualist philosophy. It was his merit to have collected and coordinated in several volumes of great interest all the theories and principles enunciated, through various mediums, in numerous spiritist communications. At that time, spiritualism was in its infancy, and Kardec's works shed light on this new world that was opening up to man on Earth. After *The Book of Spirits* and *The Book of Mediums*, which are the foundations of spiritualism, appeared *The Gospel according to Spiritism*. Famous and spread all over the world, it will fully satisfy the demands and expectations of the numerous devotees and enthusiasts. Since it was written, the work has lost nothing of its topicality and validity, proving that the truth is always the same and its inspiring principles never change.

*The spirits' book* Allan Kardec, 2021-11-11 After you have read *The Spirits' Book*, you will no longer have any reason to fear death. *The Spirits' Book* will provide you with the answers to nearly all the questions you may have with regards to the origin, nature and destiny of each and every soul on earth – and those of other worlds as well. It also addresses the issues of

God, creation, moral laws and the nature of spirits and their relationships with humans. The book contains answers that were dictated to mediums by highly evolved spirits who love God. The Spirits' Book is the initial landmark publication of a Doctrine that has made a profound impact on the thought and view of life of a considerable portion of humankind since the first French edition was published in 1857.

*The Spirits' Book Containing the Principles of Spiritist Doctrine* Allan Kardec,1972

**Heaven and hell** Allan Kardec,2021-11-17 In this book, Allan Kardec approaches divine justice from the point of view of Spiritism. The first part is a comparative analysis of the concepts of different faiths about heaven, purgatory and hell, angels and demons, and future punishments and rewards. The dogma of eternal punishments is specially discussed and refuted by arguments taken from the laws of nature. The second part presents numerous communications with spirits in different situations, and which shed light on the state of the soul after death and its passage from the physical life to the spirit life, which until then had been obscure and feared. It is a sort of travel guide to be used before we enter into a new world!

**The Spirits' Book, Containing the Principles of Spiritist Doctrine... Collected and Set in Order by Allan Kardec. Translated from the 120th Thousand by Anna Blackwell** Allan Kardec,1875

Genesis Allan Kardec,2021-11-17 This book is one of the five basic works that make up the Codification of Spiritism, and is the author's most scientific work. It deals with themes regarded as incontestable by religion in the light of the immortality of the soul, unifying Christian thought and scientific discoveries. It offers a unique opportunity for the reader to know and study themes of universal interest, discussed in a logical, rational and revealing manner. It is divided into three parts: The first part analyses the origin of planet Earth and avoids mysterious or magical interpretations about its creation. The second part analyses the question of miracles, explaining the nature of the fluids and the extraordinary phenomena contained in the Gospel. The third part focuses on the prophecies in the Gospel, the signs of the times and the new generation, whose advent will be the beginning of a new era for humankind based on the practice of justice, peace and fraternity. The subjects presented in its eighteen chapters have as their basis the immutability of the grand Divine Laws.

The Spirits' Book Allan Kardec,2017-10 The Spirits' Book is part of the Spiritist Codification, and is regarded as one of the five fundamental works of Spiritism. Originally published by the French educator Allan Kardec, it was the first -and still remains- the most important spiritist book, because it addresses questions developed by the author. The Spirits' Book is structured as a collection of questions regarding God, the order of the universe, the origin of the spirits, reincarnation, life after death, the afterlife, the purpose of the life, angels, evil and good, dreams, telepathy, prayer, illegality, war, justice,

freedom, suicide, egoism, love, etc. The answers, according to Kardec, were given to him by a group of spirits who identified themselves as The Spirit of Truth, with whom he communicated in several Spiritist sessions. Kardec, who considered himself an organizer rather than an author, grouped the questions and their answers by theme, occasionally including lengthier digressions the spirits had dictated to him on specific subjects, some signed by philosophers such as Augustine of Hippo and Thomas Aquinas and writers including Voltaire. The Spirits' Book is an essential work to read, study and meditate for the true spiritual seeker. Editor's Note: In order to be more enjoyable during reading, this book is in 6 x 9 format. In the same spirit, the paper is cream-colored, which causes less fatigue to the eyes than white paper. All our publications are carefully handled both in terms of typography and design.
