Call It What You Want Alissa DeRogatis, 2024-06-18 The viral TikTok sensation about situationships, heartbreak, mistakes. You can call it what you want—but was it love? It's 2016, and Sloane Hart's senior year of college is bound to be the best one yet. Her nights consist of drinking cheap vodka and singing along to The Chainsmokers with her friends, and her days are spent writing as she prepares for the post-grad life in New York City she's always dreamed of. The last thing she needs is for a guy to get in the way of her goals. With graduation so close, she just needs to focus on landing a job and enjoying this last year with her best friends all under one roof. But that plan becomes a little more complicated when her upstairs neighbor, Ethan Brady, enters the picture. Ethan's pull is undeniable. He's tall, mysterious, and handsome as hell, and when Sloane is with him, the entire world slows to a halt. But Ethan's guarded past is too hurtful for him to face, and if letting Sloane in means that the walls he's built around his heart would come crumbling down, he may not be willing to let that happen. As their chemistry and connection intensify, Sloane finds herself falling deeper and deeper, but will Ethan ever be ready to catch her? Nostalgic, heartfelt, and profoundly cathartic, *Call It What You Want* is an ode to almost-love stories—the kinds with no labels, no promises, and the potential to turn your entire world upside down.

A medida Nikki Erlick, 2024-09-09 Uma caixinha de madeira guarda o seu tempo de vida, representado por uma fita. Você a abriria? Parece só mais um dia como qualquer outro. Você acorda, prepara uma xícara de café e sai de casa. Mas nesse dia, ao abrir a porta, há uma caixinha de madeira esperando por você. Essa caixa contém seu destino: uma fita com o número exato de anos que você vai viver. De calçadas suburbanas a tendas no deserto, pessoas em todos os continentes recebem a mesma caixa. De repente, o mundo se encontra em um frenesi coletivo. De onde vieram essas caixas? O que elas significam? Há verdade no que prometem? A sociedade se une e ao mesmo tempo se divide conforme todos precisam tomar a mesma decisão assustadora: abrir a caixa e descobrir quanto tempo possui? E, se sim, o que fazer com essa informação? A medida aborda questões do mundo moderno por meio de personagens inesquecíveis, que veem suas decisões e seus destinos repentinamente entrelaçados. Melhores amigos cujos sonhos estão para sempre ligados, amigos por correspondência que encontram refúgio no desconhecido, um casal que, antes de tudo acontecer, acreditava não precisar de pressa, um médico que não pode salvar a si mesmo e um político dono da caixa que, por fim, muda tudo. São oito pessoas comuns e uma escolha extraordinária. Original e maravilhosamente misterioso. Com a prosa habilidosa e a lógica inteligente de Erlick, abandonei

toda a descrença e mergulhei nesse novo mundo perturbador, mas estimulante, criado por ela. — Jessica Anya Blau, autora de *Mary Jane*

When We Were Diana Elliot Graham, 2022 In 2007, Arden Bancroft is away from home and ready to experience everything college has to offer. With a core group of new friends, a packed course load, and the confidence to match, she immediately throws herself into the college scene. While she might be intelligent and self-assured, she still has a lot to learn when it comes to relationships, and it becomes clear as soon as she meets him. Now, more than a decade later, when posed with a question about breakup sex, she reaches out to her college boyfriend, the only man that ever dumped her, for his perspective but his response is one she never imagined. Despite all the years apart they are forced to confront the realization that the breakup they both remembered was nothing more than a painful miscommunication. Arden finds herself retelling the story of the years and relationships that shaped her. Starting at the very beginning, revisiting her freshman year of college, her first meaningful love, and all that followed. Reconciling what she spent years believing to be true with the reality that memories aren't always honest.--Back cover.

Queer and Trans Perspectives on Teaching LGBT-themed Texts in Schools Mollie V. Blackburn, Caroline T. Clark, Wayne J. Martino, 2018-12-07 This book focuses on queering texts with lesbian, gay, bisexual, and/or transgender (LGBT) themes in collaboration with students - young to young adult - and their teachers - both pre- and in- service. It strives to generate knowledge and deeper understandings of the pedagogical implications for working with LGBT-themed texts in classrooms across grade levels. The contributions in this book offer explicit implications for pedagogical practice, considering literature for children and young adults, and work in elementary school, high school, and university classrooms and schools. They give insights on exploring how queer and trans theories might inform the teaching and learning of English language arts with great respect to people who live their lives beyond hegemonic heteronormativity and cisnormativity. They provide wisdom on how to provoke, foster, and navigate complicated conversations about sexuality, queer desire, gender creativity, gender independence, and trans inclusivity. In addition, they show how all of these are informed by an epistemological and ontological understanding of gender embodiment as a process of becoming. They offer insights into how queer and trans theories, as informed and driven by trans, non-binary and gender diverse scholars themselves, can move all of us beyond LGBTQ-inclusivity and inform reading, discussing, teaching, and learning in all of the classrooms and school contexts where we live and work. This volume was originally published as a special issue of *Discourse: Studies in the Cultural Politics of Education*.

A Bolt from the Blue Maggie Wells, 2020-06-25 Hope Elliot hadn't believed in the existence of love at first sight when it struck her on a Paris street a quarter-century before, so she sure as hell didn't think it was possible for lightning to strike twice. And she certainly didn't expect it to fry all the wiring in her childhood home when it did. Michael (Mick) McInnes is a Chicago guy through and through. He loves the Bulls and the Bears, but he's not a fan of suburban snobs who speak with fake accents. From the moment Mick first touches her, Hope knows the sizzle between the two of them is more than just a current attraction. But the more they expose one another, the impulse to draw blood wanes and the desire surges. Sparks fly as their verbal sparring becomes more intimate. Feeling constrained by the constant scrutiny from her sister and her friends, Hope taps into the rebellious streak that led her to Paris long ago. But this time, her attempt at living la vie Bohème lands one masterful Master Electrician in her bed.

Against New Materialisms Benjamin Boysen, Jesper Lundsfryd Rasmussen, 2023-06-15 The first comprehensive scrutiny of the theories associated with new materialisms including speculative realism, new materialism, Object-oriented ontology and actor-network theory. One of the most influential trends in the humanities and social sciences in the last decades, new materialisms embody a critique of modernity and a pledge to regain immediate reality by focusing on the materiality of the world – human and nonhuman – rather than a post-structuralist focus upon texts. *Against New Materialisms* examines the theoretical and practical problems connected with discarding modernity and the human subject from a number of interdisciplinary angles: ontology and phenomenology to political theory, mythology and ecology. With contributions from international scholars, including Markus Gabriel, Andrew Cole, and Dipesh Chakrabarty, the essays here challenge the capacity of new materialisms to provide solutions to current international crises, whilst also calling into question what the desire for such theories can tell us about the global situation today.

Ethics in Design and Communication Laura Scherling,Andrew DeRosa,2020-02-20 This timely collection brings together critical, analytic, historical, and practical studies to address what ethics means in the practice of design. Designers face the same challenges as everyone else in the complex conditions of contemporary cultural life-choices about consumption, waste, exploitation, ecological damage, and political problems built into the supply chains on which the global systems of inequity currently balance precariously. But designers face the additional dilemma that their paid work is often entangled with promoting the same systems such critical approaches seek to redress: how to reconcile this contradiction, among others, in seeking to chart an ethical course of action while still functioning effectively in the world. Ethics in Design and Communication acknowledges the complexity of this subject matter, while also demonstrating that in the ongoing struggle towards an equitable and sustainable world, the talents of design and critical thought are essential. Featured case studies

include graphic design internships today, the dark web, and media coverage of the 2016 US presidential election. The fact that within this book such a wide array of practitioners, scholars, critics, and professionals commit to addressing current injustices is already a positive sign. Nonetheless, it is essential that we guard against confusing the coercive force of moral imperatives with ethical deliberation when conceiving a foundation for action.

How To Do Things with Dance Rebekah J. Kowal,2010-10-01 Winner of the CORD Outstanding Publication Award (2012) In postwar America, any assertion of difference from the mainstream anticommunist culture carried professional and personal risks. For this reason, modern dance artists left much of what they thought unsaid. Instead they expressed themselves in movement. *How To Do Things with Dance* positions modern dance as a vital critical discourse, and suggests that dances of the late 1940s and the 1950s can be seen as compelling agents of social change. Concentrating on choreographers whose artistic work conceived dance in terms of action, Rebekah J. Kowal shows how specific choreographic projects demonstrated increasing awareness of the stage as a penetrable space, one on which socially suspect or marginalized modes of being could be performed with relative impunity and exerted in the real world. Artists covered include Martha Graham, José Limón, Anna Sokolow, Katherine Dunham, Pearl Primus, Merce Cunningham, Paul Taylor, Donald McKayle, Talley Beatty, and Anna Halprin. Book Matters Alan Sica,2017-07-05 Scholars have been puzzling over the future of the book since Marshall McLuhan's famous maxim the medium is the message in the early 1950s. McLuhan famously argued that electronic media was creating a global village in which books would become obsolete. Such views were ahead of their time, but today they are all too relevant as declining sales, even among classic texts, have become a serious matter in academic publishing. Does anyone still read long and complex works, either from the past or the present? Is the role of a professional reader and reviewer of manuscripts still relevant? *Book Matters* closely analyses these questions and others. Alan Sica surmises that the concentration span

required for studying and discussing complex texts has slipped away, as undergraduate classes are becoming inundated by shorter, easier-to-teach scholarly and literary works. He considers such matters in part from the point of view of a former editor of scholarly journals. In an engaging style, he gives readers succinct analyses of books and ideas that once held the interest of millions of discerning readers, such as Simone de Beavoir's Second Sex and the works of David Graham Phillips and C. Wright Mills, among others. Book Matters is not a nostalgic cry for lost ideas, but instead a stark reminder of just how aware and analytically illuminating certain scholars were prior to the Internet, and how endangered the book is in this era of pixelated communication.
