

Centro De Salud Mental Dr Pichn Riviere

Teresa Lartigue

El fin del manicomio Alberto Trimboli,Andrea Demasi,Emilia Estivalet Broide,Juan Carlos Fantin,Guillermo Daniel Fotia,Leonardo Gorbacz,Gabriela Greggio,María Laura Guerrero,Ramiro Hernández,María Graciela Iglesias,Alfredo Jorge Kraut,Mariano Laufer Cabrera,Sandra Merlo,Hugo Barrionuevo,Ricardo Federico Bejarano,Elizabeth Bertorello,Gustavo Fernando Bertran,Alejandro Brain,Jorge Broide,Soledad del Rosario Buhlman,Alberto Calabrese,Marcelo Caputo,Susana Chames,Hugo Cohen,Natalia Da Silva,Martín de Lellis,Ana Sofía Soberón Rebaza,Alberto Sava,Luis Sanfelippo,Macarena Sabin Paz,Gustavo Pablo Rossi,Jorge Rossetto,Víctor Manuel Rodríguez González,Mercedes Rattagan,Lucía Pomares,Graciela Natella,Germán Alemanni,Aníbal Edgardo Areco,Alejandro Vainer,Alicia Stolkiner,Solana María Yoma,Sol Victoria del Carpio,2021-03-29 Este libro articula todos los aspectos teóricos y prácticos para la puesta en marcha de un sistema de salud mental interdisciplinario, con perspectiva de derechos y base en la comunidad. Aborda cada cuestión relativa a la salud mental y su práctica: las políticas públicas, la teoría y la clínica, la gestión, la administración, lo laboral, la comunicación y la investigación. También incluye un apartado que se centra en temas relacionados con la normativa nacional e internacional vigente y en los fundamentos legales para la protección de los derechos humanos, los aspectos bioéticos y de género en salud mental. Se desarrollan dispositivos y experiencias inclusivas que demuestran que es posible implementar alternativas al modelo asilar: los hospitales de día, las actividades artísticas, las internaciones breves en el hospital general (como último recurso), la asistencia domiciliaria, el acompañamiento terapéutico, la universidad como vía para abordar las problemáticas de salud mental y el tratamiento de personas en situación de calle, entre otras posibilidades. Esta obra propone un modelo concreto para la construcción de políticas públicas que permitan visibilizar, organizar y llevar adelante buenas prácticas de intervención en este campo de la salud, dirigidas a quienes más las necesitan: las personas con padecimiento mental.

POLÍTICAS EN SALUD Y ARQUITECTURA-SALUD MENTAL BUENO GRACIELA,2025-01-29 Este libro trata sobre la arquitectura y las políticas en salud mental. Está claro que su foco entonces serán las condiciones arquitectónicas apropiadas para desarrollar respuestas terapéuticas en este campo. Una idea central recorre el espíritu del texto: el espacio arquitectónico es a la vez un ingrediente terapéutico y un indicador cierto de qué lugar le da una sociedad al problema del trastorno mental. Una sociedad será mejor en tanto tenga una solidaridad activa con el sufrimiento psíquico.

[The Palgrave Biographical Encyclopedia of Psychology in Latin America Ana María Jacó-Vilela,Hugo Klappenbach,Rubén](#)

Ardila,2023-05-19 This biographical encyclopedia will provide the first comprehensive reference work on leading scholars and professionals who have contributed to the development and institutionalization of psychology in Latin America. The figures biographed will include scholars who have made a significant theoretical contribution to the discipline, as well as, practitioners and those who have contributed to the institutionalization of psychology, through their work in scientific organisations, professional bodies and publications. All persons included are recognized authorities and either natives of, or long-term residents in the region. It will offer an invaluable reference point, in particular for scholars of the history of psychology, Latin American studies, the history of science, and global psychology; as well as for historians, psychologists and social scientists seeking international perspectives on the development of the discipline.

La evaluación de grupos Ricardo Klein,2022-05-01 ¿Qué tienen en común un consorcio con un equipo de fútbol? ¿Y un seminario académico con un taller de corte y confección? ¿Hay verdaderamente algo que liga los avatares en un aula de la escuela primaria con los grupos de rap que se juntan en una plaza a tocar? En todos los casos se trata de grupos, de un conjunto de gente que se reúne con un objetivo: realizar determinada tarea. Pero sabemos que muchas veces esa tarea no se logra llevar a cabo, o conlleva muchos roces y costo personal. Y es que en los grupos -que han sido estudiados desde distintos puntos de vista, incluso dentro del campo de la psicología- hay determinadas situaciones, figuras y conductas que se repiten y que ameritan un apropiado abordaje teórico y de campo. En este libro Ricardo Klein toma el legado de Enrique Pichon-Rivière y a partir de allí construye un dispositivo muy útil para todos aquellos que trabajan con grupo, sean instructores, docentes, talleristas, entrenadores, psicólogos, entre otros. Hay que decir que la obra de Pichon-Rivière, tan rica y singular, se ha visto confinada en buena medida al ámbito de la psicología social y eso ha circumscristo en alguna medida su difusión y conocimiento. Tratándose de un autor que supo observar tan finamente no solo al individuo sino también los modos de insertarse en su contexto, nada mejor que construir sobre el edificio que él mismo propuso, muniéndose también de otras visiones inspiradoras. Klein toma del modelo de grupo de Roberto Romero y Carlos Fumagalli elementos que le permiten diseñar su MIDEPROG, un dispositivo que posibilita observar los procesos grupales con determinadas herramientas conceptuales y ciertos procedimientos concretos. Así, el libro provee una suerte de guía de lectura, un mapa con que recorrer los fenómenos grupales, siempre con el foco puesto en la concreción de la tarea.

Musicoterapia y Salud Mental Rubén Darío Gallardo ,2011-02-16 Objetivo:La Musicoterapia tiene por objeto el estudio y la investigación de las modalidades relacionales de los seres humanos.Utiliza para ello:- Herramientas básicas, como la voz, el sonido, la música, los instrumentos musicales, el silencio y todas las formas rítmicas y sonoras manifestadas y/o percibidas a través del cuerpo, los objetos y los medios analógicos y digitales de producción, reproducción, edición y comunicación.- Herramientas fundamentales comola observación de los modos relationales, la interpretación de su sentido y significación y la articulación de estas instancias con la problemática del paciente y una adecuada intervención terapéutica.Metodología:La

metodología empleada en la atención preventiva, terapéutica o recuperativa de las personas se basa en esta observación de las modalidades acústico-relacionales, en la interpretación de las escenas analógicas que a partir de ellas se manifiestan y en una modalidad de intervención no invasiva, de respeto por la iniciativa del paciente y de su singularidad como sujeto.

Formación del musicoterapeuta: Se realiza desde un posicionamiento teórico que toma en cuenta al propio musicoterapeuta y sus atravesamientos personales, profesionales e institucionales, al paciente, su padecimiento y el contexto socio/familiar, las herramientas básicas y fundamentales y las modalidades de abordaje individual, grupal, familiar y comunitaria.

Boas práticas Rossana Maria Seabra Sade, 2017-11-20 Em Trieste há um fluxo anual de aproximadamente de mil pessoas, vindas de diversas partes do mundo. Profissionais, estudantes e pesquisadores, que participam de visitas, estágios, bem como intercâmbio em pesquisa, buscando no modelo triestino, respostas inovadoras em termos de terapias e sistemas de atendimento. Estes protagonistas da saúde mental produziram um crescente apelo para suas formações dentro de uma proposta desinstitucionalização. Como uma resposta a esta necessidade de formação científica, o Departamento de Saúde Mental de Trieste em parceria com a OMS, organizou a escola Franca e Franco Basaglia, visando ampliar debates e ações na melhoria da assistência psiquiátrica, criando condições para que os protagonistas da saúde mental transformem o seu paradigma. Nesta perspectiva realizamos o I Congresso Internacional Franca e Franco Basaglia em 2014.

Intervención grupal y poder Horacio Foladori, Ignacio Yañez Castillo, El grupo como espacio de intervención psicosocial tiene una vigencia indiscutible. En distintos ámbitos de trabajo, utilizado en diversos con-textos, generado de forma espontánea o producido intencionadamente surge el grupo como una organización que porta una potencia creadora y facilitadora de cambio sin par. No obstante, las instancias de discusión e intercambio teórico en el campo psi —respecto a lo grupal— son escasas en la escena local. Bajo estas consideraciones surge este libro Intervención Grupal y Poder, desde un posicionamiento claro respecto a estas cuestiones: la concepción operativa de grupo. Heredero de la obra del psicoanalista argentino más importante de todos los tiempos —Enrique Pichon-Rivière— este libro es una compilación de escritos provenientes de distintas latitudes (Argentina, Brasil, Uruguay, Chile, México, Francia, Suiza, Italia, Suecia), que junto con demostrar la vigencia de estas ideas, nos evidencian la multiplicidad de espacios posibles de aplicación, junto con su pertinencia para pensar problemas fundamentales de la vida humana, tales como el trabajo, la familia, el poder, etc.

Salud comunitaria Teresa Lartigue, 1991

Des-borda Rolando Schere, 2021-05-19 Esta historia inconclusa se inicia en la colonia colonial. Trata del transcurrir de un edificio que nació a partir de un Concurso, y que se intentó destruir mediante otro Concurso. Muestra la evolución de las maneras de pensar la Salud Mental, y formular la Arquitectura concebida a partir de la ideología dominante. Esta es puesta en crisis. A partir de los fracasos genera nuevas propuestas, no siempre propicias. Los recursos destinados a la Salud Mental

siempre fueron insuficientes. Vemos las riquezas y miserias de lo realizado, y la creatividad puesta en diversos esfuerzos. Rescatamos la participación popular, producida fuera del marco institucional, en los afuera. Salud Mental es una problemática donde se hallan presentes sectores rechazados por la sociedad. La reinserción del externado, exige una respuesta social. La Ley de Salud Mental de 2010 definió la ruptura del modelo asilar, reemplazando el manicomio, con una red integrada a la ciudad y a una sociedad más inclusiva. Des-bordar es sólo un eslabón de la desmanicomialización. Faltaba construir los otros, con fuerte participación de Estado y Sociedad. No se previó los retrocesos de un proceso complejo de implementar. Otro proyecto, va anulando la propuesta de la Ley de Salud Mental, en una Bs. As. que la ataca. POETAS Cuenta historias paralelas de quienes fueron poetas fuera y dentro del hospicio, y vivieron y murieron en él.

Salud, crisis del sistema Hernán Doval, Horacio Micucci, Enrique Stein, 1992

Estudios sobre la subjetividad femenina Mabel Burin, 1987 Trata un área específica dentro del campo de la salud mental: El de la especificidad de las mujeres. Se presenta la tesis de que las mujeres pueden expulsar lo que les enseñaron a atribuirse como inferioridad y también su acatamiento a dicha enseñanza. Expone varias hipótesis acerca de la salud mental: - Área de estudios que en lo relativo a las mujeres, merece una cuidadosa labor deconstrutiva y reconstructiva respecto de los parámetros sobre los cuales se ha basado tradicionalmente: Maternidad, sexualidad y trabajo. - Revisión crítica de las prácticas sociales que inciden sobre la salud mental de las mujeres y sobre sus modos de enfermar a través del análisis de prácticas sociales como psicoterapias, educación y prácticas económicas. - Hipótesis acerca de la salud mental de las mujeres concibiendo como una situación de conflicto. La mayor parte del análisis está centrado en el estudio de la configuración de los deseos constitutivos de la subjetividad femenina, y en las posibilidades de transformación de tales deseos. Contiene bibliografía.
