Thirteenth Century England X Michael Prestwich, R. H. Britnell, Robin Frame, 2005 Aspects of the political, social, cultural, economic and ecclesiastical history of medieval England re-examined. This collection presents new and original research into the long thirteenth century, from c.1180-c.1330, with a particular focus on the reign of Edward II and its aftermath. Other topics examined include crown finances, markets and fairs, royal stewards, the aftermath of the Barons' War, Wace's Roman de Brut, and authority in Yorkshire nunneries; and the volume also follows the tradition of the series by looking beyond England, with contributions on the role of Joan, wife of Llywelyn the Great in Anglo-Welsh relations, Dublin, and English landholding in Ireland, while the continental connection is represented by a comparison of aspects of English and French kingship. Contributors: David Carpenter, Nick Barratt, Emilia Jamrozak, Michael Ray, Susan Stewart, Louise J. Wilkinson, Sean Duffy, Beth Hartland, Francoise Le Saux, Henry Summerson, Janet Burton, H.S.A. Fox, David Crook, Margo Todd, Seymour Phillips

Putting Tradition into Practice: Heritage, Place and Design Giuseppe Amoroso, 2017-07-19 This book gathers more than 150 peer-reviewed papers presented at the 5th INTBAU International Annual Event, held in Milan, Italy, in July 2017. The book represents an invaluable and up-to-date international exchange of research, case studies and best practice to confront the challenges of designing places, building cultural landscapes and enabling the development of communities. The papers investigate methodologies of representation, communication and valorization of historic urban landscapes and cultural heritage, monitoring conservation management, cultural issues in heritage assessment, placemaking and local identity enhancement, as well as reconstruction of settlements affected by disasters. With contributions from leading experts, including university researchers, professionals and policy makers, the book addresses all who seek to understand and address the challenges faced in the protection and enhancement of the heritage that has been created.

UFOs REINVESTIGATION IN ITALY Carlo Pirola, 2019-06-12 This book includes Italian cases only. People around the world have a pale clue of well-known events from the land of spaghetti, pizza & O' Sole Mio. There are many other unknown Italian incidents that the world doesn't begin to imagine. So what's this book about? UFOs Reinvestigation in Italy is a study

on prewar and postwar files of ufology in Italy. For example, it's about some episodes of the XIX century, some unreleased cases and some Vatican files. You can see the pictures of the revisited sites as they are today, original sketches, photos of the witnesses, if available and all the detailed reconstruction and remake of the incidents. Foreword is penned by Doctor Roberto Pinotti, the most important Italian researcher. He founded C.U.N. (the National Ufological Center) and he is also the director of UFO International Magazine, the national and worldwide journal of Italian ufology.

King Edward II Roy Martin Haines,2003-05-08 Edward of Caernarfon is best known today for his disastrous military defeat in 1314 at Bannockburn, where his English army was defeated by a vastly inferior Scottish force led by Robert the Bruce, leading to Scottish Independence. This catastrophe was one of many in a disastrous career marked by indolence, vengefulness, vacillation in relationships with France, deranged policies at home, and constitutional wrangling, ultimately brought to an end by a minor insurgency led by his vindictive wife and her paramour, a disaffected baron.

Queen Isabella Alison Weir,2006-12-26 “Gripping . . . a highly readable tour de force that brings Queen Isabella vividly to life.”—The Washington Post Book World An “insightful and compelling” (USA Today) biography of Isabella of England, one of history’s most notorious and charismatic queens, from the New York Times bestselling author hailed as “the finest historian of English monarchical succession writing” (The Boston Globe) Isabella arrived in London in 1308, the spirited twelve-year-old daughter of King Philip IV of France. Her marriage to the heir to England’s throne was designed to heal old political wounds between the two countries, and in the years that followed, she would become an important figure, a determined and clever woman whose influence would come to last centuries. But Queen Isabella’s political machinations led generations of historians to malign her, earning her a reputation as a ruthless schemer and an odious nickname, “the She-Wolf of France.” The newly wed Isabella was denied the attentions of Edward II, a weak, sexually ambiguous monarch with scant taste for his royal duties. As their marriage progressed, Isabella was neglected by her dissolute husband and slighted by his favored male courtiers. Humiliated and deprived of her income, her children, and her liberty, Isabella escaped to France, where she entered into a passionate affair with Edward II’s mortal enemy, Roger Mortimer. Together, they deposed Edward and ruled in his stead as co-regents for Isabella’s young son, Edward III. Fate, however, was soon to catch up with Isabella and her lover. A work of extraordinary original research, Queen Isabella strips away centuries of propaganda, legend, and romantic myth, and gives a groundbreaking new perspective on Isabella, a truly remarkable woman who had a profound influence upon the age in which she lived and the history of western Europe.
